Rhon Vincent Ramos

FULL STACK WEB DEVELOPER

Alexandria, VA | rhonvyramos@gmail.com

https://www.rhon-vincent-ramos.info

Objective

- Punctual, enthusiastic, and team-oriented full-stack web developer with skills in object-oriented programming and iOS mobile application development seeking to apply their software knowledge and client-facing experience at a professional level.

Experience

Instructor, Andrew Gause Martial Arts, Springfield, VA (May 2023 to Present)

- Work with other instructors in teaching curriculum to students of all ages and martial arts experience.
- Study how to better showcase and assist techniques specific to Taekwondo.
- Develop martial arts skills and athleticism in the sport.

iOS Mobile Developer, Enhance IT, Atlanta, GA (February 2022 to March 2023)

- Work with the project team to implement, maintain, and improve front-end user experience.
- Debug and test new accessibility features, emphasizing user interface interactivity, navigation, and control.
- Develop iOS programming skills and semantics, including Swift, SwiftUI, and Objective-C.

Instructor, Onekick Martial Arts, Germantown, MD (June 2012 to July 2021)

- Work with instructors to grow the franchise from the ground up.
- Develop new and interesting events to further boost client participation and enrollment.
- Study how to showcase Taekwondo curriculum correctly and to maintain students' ability in the martial arts.

Education

- **Full-Stack Web Development Bootcamp Vocational Graduate**, George Washington University EDX (May 2023 to October 2023)
- **Bachelor's degree in information science**, University of Maryland, College Park (September 2019 to June 2021)
- **Associate degree in computer science**, Montgomery College, Germantown (September 2017 to June 2019)
